### Clinical Specialities

- Complex Orthopaedic and Trauma
- Spinal Cord Injury
- MSK Injuries
- Rheumatology
- Amputations
- Brain Injuries

### Qualifications

Chartered Physiotherapist,  
Manchester University, 1996

MSc Sports Injury and Therapy,  
Manchester Metropolitan  
University, 2001

Andrea is a highly skilled physiotherapist with nearly 30 years of experience in managing complex orthopaedic trauma, musculoskeletal injuries, amputations, and brain injuries. Her extensive background includes both clinical practice and serving as a Rehabilitation Manager at a prominent law firm.

Driven by a passion for patient-centred care, Andrea's expertise enables her to customise interventions that address the distinct needs of each client, thereby optimising their recovery and overall well-being. Andrea is committed to continuously exploring innovative solutions and collaborating with multidisciplinary teams to improve treatment outcomes. Her ability to integrate evidence based practices with a compassionate approach ensures that clients receive the support and understanding they need throughout their rehabilitation journey.

Andrea's dedication to continuous learning ensures she remains at the forefront of advancements in her field, allowing her to implement the most current and evidence-based practices. Her colleagues and clients alike appreciate her approachable nature and unwavering commitment to achieving the best possible outcomes. Whether working independently or as part of a team, Andrea consistently delivers excellence, demonstrating both leadership and a supportive spirit that inspires those around her.

### Case Management Competencies

Andrea has extensive experience in assimilating and evaluating complex medical information. Her ability to identify realistic and measurable client-focused goals ensures that interventions are not only effective but also tailored to the specific needs of clients. Her proficiency in monitoring outcomes post-intervention highlights her commitment to continuous improvement and accountability. Andrea's talent for building relationships based on trust is crucial in fostering a collaborative environment, as it encourages open communication and teamwork among professionals and clients alike.

## Case Examples

---

- Collaborated with a client who suffered multiple injuries, including a fractured clavicle, pelvis, and lumbar spine, after being involved in by a road traffic collision with a car whilst riding his road bike. Additionally, he experienced tinnitus, balance issues and psychological sequelae. This impacted significantly on his role within the family unit and also his return to work. Andrea and the team worked diligently to facilitate his return to work and to support him and his family through the rehabilitation journey.
